

The FCPS Research Process Documents

Warm-up

Choose a high school grade level:

What is one expectation you have for the students in that grade in regards to research?

Skills Continuum

Make a list of four or five research skills that you believe all ELA students must learn and practice throughout their middle and high school years.

Scope and Sequence

Look through the Scope and Sequence document. What is one student skill (left-hand column) on which you would collaborate with your media specialist.

Why?

Your Research Projects!

List any and all research projects you have ever done with your students (middle or high). Be prepared to share as I make a working list...
